### **ScreeningOne Creates a Strategic Partnership with PayLease.**

June 27, 2006, Torrance, CA - ScreeningOne, a nationwide provider of tenant screening services announced today their strategic partnership with PayLease, a leader in Automated Lease Collection. Together, ScreeningOne and PayLease will provide an integrated tenant screening solution through the PayLease portal.

“By combining our mutual expertise, we have been able to create a user friendly service based upon industry best practices in an effort to offer additional value to property managers and landlords around the country” said Ty Kalkolish, President of PayLease.

ScreeningOne will provide web-based tenant screening services that will be available within the PayLease portal. The PayLease partnership with ScreeningOne will consolidate two great services into one convenient location while eliminating double data entry.

“ScreeningOne’s integration with Paylease will save property managers and landlords time and money by eliminating double data entry. We are committed to providing their clients with timely, accurate and complete background screening services” said Matt Briggs, President of ScreeningOne.

Tenant screening is a "non-discrimination" action that weeds out fraudulent data and misrepresentation by potential tenants. Checking on the previous credit, eviction and criminal activities of an applicant provides property managers and landlords with documentation in compliance with the Fair Housing Laws.
